3. Composition, Information on Ingr	redients
3.1. Substance	
Common Chemical name:	Levodopa
Synonyms:	(S)-(3,4-Dihydroxyphenyl) alanine
Formula:	C <sub>9</sub> H <sub>11</sub> NO <sub>4</sub>
Molecular Weight:	197.19
Composition:	99.0 – 100.5%
CAS No.: EINECS No.:	59-92-7
3.2. Mixture	200-445-2
Not applicable	
4. First-Aid Measures	
4.1. Description of first aid measures	
	to a fresh air environment. Rinse mouth with water. If not breathing, give
	breathing becomes difficult, give oxygen and seek medical attention.
Skin Contact: Wash with soap ar	nd copious amounts of water. If irritation persists, seek medical attention.
	eyes with copious amounts of water for at least 15 minutes. Assure
	by separating eyelids with fingers. If contact lenses are being worn, remove
	e rinsing. Seek medical attention.
Ingestion: Rinse mouth with wate	
4.2. Most important symptoms and eff	
4.3. Indication of any immediate media No information available	cal attention and special treatment needed
5. Fire-fighting measures	
5.1. Extinguishing media	abamical navidar/foom
Water spray, carbon dioxide, dry 5.2. Special hazards arising from the s	
	cient concentrations, and in the presence of an ignition source is a potential
	nbustion will result in carbon monoxide, carbon dioxide and nitrogen oxide
being released.	
5.3. Advice for fire-fighting	
No information available	
6. Accidental release measures	
	equipment and emergency procedures
	pills wet to prevent the generation of dust and then, sweep up into a closed
container.	
6.2. Environmental precautions	
Do not discharge into sewer, river	
6.3. Methods and material for containr	
After recovering, wash away spille	ed area with plenty of water.
6.4. Reference to other sections	0
Personal protection: see section 8	8
7. Handling and storage	
7.1. Precautions for safe handling	
	housekeeping and personal hygiene. Wear personal protective equipment
as outlined in section 8.	ding any incompatibilition
7.2. Conditions for safe storage, inclue Store in closed containers in a dry	y area. Avoid humidity, sunlight and high temperature.
3. Exposure controls/personal prote 8.1. Control parameters	
Contains no substance with occu	national exposure limit value
8.2. Exposure controls	
Respiratory protection:	Dust mask or appropriate respirator. Utilize local exhaust ventilation.
Protective gloves:	Rubber
Eye protection:	Chemical safety goggles.
Other protective equipment:	Wear appropriate laboratory apparel, protect exposed skin.
Occupational exposure limits:	Not established

# LEVODOPA (L-DOPA)

### Page 3 of 4

Appearance:	ical and chemical properties White to slightly off-white crystals or crystalline powder
Melting point:	276 - 278°C (decomposes)
Solubility:	0.39 g / 100 g H <sub>2</sub> O (20°C)
pH:	4.5 to 7.0 (0.10 g in 10 mL of H <sub>2</sub> O)
9.2. Other data	
No data available	
Stability and reactivity	
10.1. Reactivity	na and the flamma black and a the standard and a single second second second second second second second second
	general to flammable organic substances and mixtures; in correspondingly fine
	d up a dust explosion potential may generally be assumed.
10.2. Chemical stability	
Stable under normal tem	
10.3. Possibility of hazardous	
Nitrogen oxides (combus	ition)
10.4. Conditions to avoid	
	erature. In presence of moisture, will oxidize and darken.
10.5. Incompatibility materials	
Strong oxidizing agents	
10.6. Hazardous decompositio	
Nitrogen oxides (combus	;tion)
Toxicological information	
11.1. Information on toxicologi	cal effects
Acute oral toxicity:	LD <sub>50</sub> : 1750 mg/kg rat
Sensitization:	No data available
Mutagenicity:	No data available
Primary skin irritation:	May cause skin irritation. No specific data available
Primary eye irritation:	May cause eye irritation. No specific data available
Ecological information 12.1. Toxicity To fish, algae, and daphi 12.2. Persistence and degrada	nia: EC50 (48 hr) > 100 mg/L (Daphinia magna, EC 92/69/C2 EEC)
BOD: No data available	ionity .
12.3. Bio accumulative potentia	al
No data available	<b>A</b> 1
12.4. Mobility in soil	
No data available	
12.5. Results of PBT and vPvF	3 assessment
	ent not available as chemical safety assessment not required/not conducted.
12.6. Other adverse effects	
	self-classification according to VwVwS / 17 May 1999, Germany)

#### 15. Regulatory information

# 15.1. Safety, health, and environmental regulations/legislation specific for the substance or mixture *EU regulations*

Major Accident Hazard	96/82/EC
Legislation	Directive 96/82/EC does not apply
Regulation (EC) No.1005/2009 on substances that deplete the ozone layer	not regulated
Regulation (EC) No.850/2004 of the European Parliament and of the Council of 29 April 2004 on Directive 79/117/EEC	not regulated
Regulation (EC) No.689/2008 concerning the export and import of dangerous chemicals.	not regulated
Substance of very high concern (SVHC)	This product does not contain substance of very high concern above the respective regulatory limit (> 0.1% (w/w) Regulation (EC) No.1907/2006 (REACH), Article 57).

Other National Legislation

None especially.

The information given in this Safety Data Sheet does not replace the users own assessment of workplace risk as required by national, state and local health and safety legislation.

15.2. Chemical safety assessment

For this product a chemical safety assessment was not carried out.

#### 16. Other information

The information contained in this SDS is, to the best of our knowledge true and accurate. Any recommendations or suggestions made are without guarantee, since the conditions of use are beyond our control.
